

**LOWEST COST
OF OPERATION
TIRE
GRINDER / GRANULATOR**

**SATURN® GRIZZLY™
MODEL 80**

**GRANUTECH
SATURN** 

UP TO 5 TONS PER HOUR

For nearly two decades, the SATURN GRIZZLY™ Model 80 (M-80) has excelled at reducing tire shreds to virtually steel free chips. The massive rotor, low cost knife design, and replaceable screens provide a highly reliable and efficient operation process. Due to the knife design, product from the Model 80 Grizzly is ideal for playgrounds and landscaping.
