

**EFFICIENT
RELIABLE
EASY TO MAINTAIN**

**SATURN® GRIZZLY™
SUPER 50**

GRIZZLY POWER BEGINS HERE

The SATURN GRIZZLY™ Super 50 (S-50) is a medium speed grinder that excels at reducing tire shreds into near steel free chips. The rotor knife arrangement contributes to the extremely efficient cutting action and high production capacity. The S-50 is designed for low capacity requirements. A multi-use knife design contributes to the S-50's low costs of operation..

FEATURES AND SPECIFICATIONS

Physical Specifications:

- 188" x 96" x 144"
- 32,000 Pounds

Rotor:

- 50" Length
- 19.5" Cutting Diameter

Knives:

- 30 Rotary Knives
- 6 Stationary Knives

Power, Speed, & Torque:

- 200 HP
- 141 RPM
- 7,500 ft-lbs of Torque
